Swimming for Charity!

The Rhead Group has discovered that raising money for charity can be fun!

Last Friday, teams from the Warwick and Bolton offices indulged in some friendly rivalry to raise money in aid of the Marie Curie Cancer Care charity.

Five members from each branch took part in the event held around Sport Relief, with some struggling more than others to complete the 1km distance. However, to everyone's delight, £3,000 was raised for this vital charity.

Barbara Moore, Director, Rhead Group, commented: "We are delighted, as an organisation, to have been able to make a contribution to Marie Curie Cancer Care and to have had some fun in the process.

"The charity is recognised for its essential work in providing high-quality nursing, without charge, to allow people with terminal cancer, the choice of dying at home, with their families. We all know someone, or someone's family, that has had to cope through this extremely difficult and sad time. Marie Curie Cancer Care is formed specifically to help during these very private times, where a family environment is perhaps all someone may want.

"The Rhead Group understands the importance of playing our part in the communities in which we live, both as a company and as individuals. We know we are fortunate to be in a position to give something back, however small, through charity events such as the 'Swimathon' or the 'Cancer Relief Race for Life' and I'm sure there will be many more challenges to come...

"If you would like to know more about the wonderful work of the Marie Curie Cancer Care Charity, please visit www.mariecurie.org.uk. Finally, I would like to say thank you to everyone who took part."
